WLUK FOX 11 LOCAL NEWS REPORTS

TO: FCC PROGRAMS & ISSUES REPORT FILE

FROM: JOAN WILLEMS, NEWS COORDINATOR, WLUK FOX 11 News

SUBJ: PROCEDURE FOLLOWED
TO DOCUMENT "**FOX 11 News**" STORIES

It is my responsibility to archive all information, and print out a weekly log to be placed in the FCC Programs and Issues Report. Here is the procedure I follow.

Throughout the day, video is edited for "on-air" presentation, and then is sent to a server in the Newsroom.

Each Newscast is titled on the server and the video used "on-air" is compiled onto an archive tape.

A log is created for each archive tape. This log includes information relating to the show, video title, and length of each piece.

The rundown for each newscast is opened and the following information is listed: archive tape number, length of video, format, (i.e. package, vo, vob, vosot), and a short description of the segment content.

This procedure must be done daily and in a timely manner to insure that video is retained and available for future use.

Additional Troops To Iraq

January 10, 2007

WHITE HOUSE (AP) - In an address to the nation, President Bush has committed more than 20,000 additional American troops to Iraq.

The President says that the situation there is "unacceptable" to him and to the American people and his plan is a "strong commitment." He also says that responsibility for mistakes in conducting the mission rests with him.

Bush says U-S and Iraqi forces will "clear and secure" neighborhoods in Baghdad. He also says he's given orders to increase American forces in the troubled Anbar province by 4,000 troops.

He also cautioned that the year will "be bloody and violent" even if his strategy "works exactly as planned."

Bush also emphasized that U-S support is not open-ended and that the Iraqi government must meet its obligations.
